FOUNDER'S NOTE

Dear Friends,

With the turn of this year, it gives me immense pleasure to drop a few line in our 7th Annual Report.

It's our responsibility not to let a single child to be on the street. Keeping this in mind, SOCH Team continued to raise its commitment and dedication since the beginning and we have helped 675 children from various difficult scenarios in the last financial year 2018-19 and 4805 Children since inception in 2012.

This journey was not easy but even in toughest conditions; our team always has a positive attitude. Also the continuous support from District Administrators of all the three districts, Child Welfare Committees, Network NGOs, media & Volunteers are note worthy. The supporters at railway stations have constantly encouraged us.

Our well wishers at SATHI and ISD have been very supportive throughout the year. There are visitors and friends who have boosted our energy up during the activities we did for the children.

Patron Prof Malcolm Harper and all other friends at "Friends of the Children of Orissa, UK" like Richard, Linda, Collin, David and many others have been extremely supportive and encouraging since it's beginning. Without their support the journey would not have been so smooth and productive.

Karen, Jimmy and Mathew have been so supportive and encouraging in setting up a rehabilitation centre for children with addiction and behavioural difficulties named as 'Pat and Del Page Rehabilitation Centre'.

I express my gratitude towards Binod Textiles, Canara Bank, HDFC Bank, The Hotel Hindustan International(HHI), Hotel Seetal, Gunjan Cards, IDAX Consulting Pvt. Ltd., SGK India Industrial (P) Ltd., Orthopedic Clinic, Skinstitute Clinic and Shree Radha Clinic for trusting in our work and sponsoring the Annual Report. We heartedly laud their valuable support.

Admittedly, we have lot to do in the coming years. We are excited to start our first Child Centric Community Development Programme at Paradeep in partnership with PPL. There are much planning to turn into implementation for the camps running at Jatani, Khurda. I request to extend your hand to us and help us building the future. Please visit us to know more about SOCH.

With all the best regards,

Manoj Kumar,
Founder Secretary

ACKNOWLEDGEMENT

Our sincere regards to the District Administration of Khurda, Ganjam and Puri districts. We are also obliged to the DCPO, District Child Protection Units (DCPU) and Child Welfare Committee (CWC) of Khurda, Ganjam and Puri Districts for their continual support and cooperation. We cannot miss to acknowledge the DCPO & CWC of Cuttack for Cooperating with us during the Pilot of Project Rakshyak at Cuttack.

SOCH is thankful to the Railway authorities at Khurda, Bhubaneswar, Berhampur and Puri for their constant support and the faith they have shown in the work of SOCH till now. The Station Directors, Station Managers, GRP, RPF and the CTI teams have been very supportive all throughout the work of SOCH. A special thanks to the Cuttack Railway authorities who extended their support to the SOCH team during the baseline survey and Pilot of Project Rakshyak carried out in the Cuttack station.

We acknowledge the active participation of our various Stakeholders; Porters, Vendors, Parcel workers, Watering staff, Cleaning staff, Auto Rickshaw Drivers, RPF, GRP and TTI group; who have shown constant faith in our work over the years and helped us with all their energy. SOCH wouldn't have been able to save the lives of as many children without the support of its Stakeholders.

We would be ever obliged to all our local donors; Mr. Samarendra Sahu, Dr. Nibedita Patro, Mr. Prafulla Kumar Biswal, Mr. Dibakar Sahoo, Mr. Prasanjit Patanaik, Mr. Krushna Chandra Mahapatra, Mr. R. Sree Ram, Mr. Rakesh Kumar Jena, Mr. Nandan Kumar Kar, Mr. Nrusingha Prasad Pattanayak & Mr. Nirmala Kumar Behera for understanding and relating to SOCH work & activities and associating with SOCH. We respect the confidentiality of the donors and supporters who prefer to be in discreet mode and convey all our heartfelt gratitude towards them. Your donations have had great impact on the project beneficiaries.

The contributions from the Volunteers are worthy mention here as we believe every drop of water adds to become Ocean. Be it contributing by helping children in need of care and protection or extending a supporting hand with documentation, counseling and case study drafting, SOCH team would always be appreciative about the Volunteers from B.J.B Autonomous College, Utkal University, Berhampur University, NISWASS College, IMS College, TISS, IIM, JNU, IGNOU, Asian College and Khalikote Autonomous College and many others through "Internshala". These Volunteers bring along new ideas and energy to SOCH and help SOCH in growing and establishing itself as a more streamlined and professional organization.

How can we forget to mention our own "Friends of SOCH" who never the less have been active and participative in every initiative of SOCH. You people have very silently contributed and contributed well. Our heartfelt thanks to all of you, those have been instrumental in making events and occasions successful.

Last but not the least the SPONSORS of this Annual Report 2017-18; "SGK India Industrial (P) Ltd." Bhubaneswar; IDAX Consulting Pvt. Ltd.", Bhubaneswar, Canara Bank, HDFC Bank, "Bhubaneswar; Binod Textiles", Bhubaneswar; "The HHI"; "Hotel Seetal", "Orthopedic Clinic", "Skinstitute Clinic", "Shri Radha Clinic" and "Gunjan Cards". Without your support the task was half done.

My association with SOCHF has been a very satisfying one. It was a pleasure in getting to know SOCHF when I had gone to attend their 6th Annual Function as a Chief Guest. It was an opportunity to know and associate with an organization that has been sincerely serving for child rights and protection. I know such organizations like SOCHF have a great future ahead and I wish they flourish to save and protect more and more children from difficulties.

I wish SOCHF a great success in their endeavor.

My association with SOCH has been very satisfying one. It was pleasure for me getting to know SOCH when I was posted as Sr. DCM /KUR in Khurda Road Division. It was a beautiful opportunity to know and associate with an organisation that has been dedicatedly serving for child rights protection. As we all know that children are the foundation of a young nation like India which is progressing towards a bright future. I wish such organisations like SOCH have a great future and flourish so as to save more and more children going towards the wrong hands. I wish the dedicated members of SOCH and the Organisation all the best and a very bright future.

ABOUT SOCH

Society for Children (SOCH) is a non-profit organization registered under Society Registration Act XXI of 1860 at IGR, Cuttack bearing Registration No. - 23515/51

Established in July 2012, SOCH has completed 7 committed years of operation in the Child Rights protection through its Project Rakshyak (Rescue and Resettlement of runaway, missing, abandoned, abducted and trafficked children) and Project Punarjivan (Behavior Modification of street connected and family connected hard behavior children). Focusing on the Railway Stations the projects operate majorly in Bhubaneswar, Khurda Rd. & Berhampur and partly in Puri. SOCH also works for the mainstreaming of youths through Project Pankh focusing on the youths coming from difficult backgrounds.

All activities under the projects are driven by the philosophy that the safest and happiest place for children is their homes. Hence, the end objective is to connect the rescued children with their families or ensure a safe place for their future. In the process quite a few activities are undertaken to understand their

reasons of runaway or missing in comprehensive way. SOCH takes care of all Governmental procedures and puts all efforts to reunite the children with their family.

Within the limited time of engagement with these children SOCH ensures to contribute to the maximum possible limit in changing their mindset towards a healthier and better future. These are done through Counselling sessions, NFE sessions, Workshops, Awareness and Sensitization meetings, etc.

Over the past 07 years, our work has benefitted thousands of children and young people living alone and at risk on the railway platforms. Our work aims to create and enable sustainable change in the lives of children, communities and in the wider policy and practice that affects all children living alone on the railway platforms.

Vision

To create a just society, where all children are living happily enjoying all their due rights.

Mission

To realize the rights of deprived children and their rehabilitation.

Fig 1.1

Aim and Objectives

- To rescue and resettle runaway, missing, abducted and abandoned children. First priority will be given to family reunion and last option for Institutional Care.
- To rescue and resettle working children.
- To rescue and resettle begging children.
- To rescue and rehabilitate addicted and hard behavior street children through de-addiction and behavioral modification camp.
- To provide health care service for children.
- To give safe and nurtured environment for orphan children.
- To give safe and nurtured environment for physically and mentally challenged children.
- To encourage foster parenting and alternative care for children in need of care and protection.

SOCH MANAGEMENT

SOCH Organization Structure

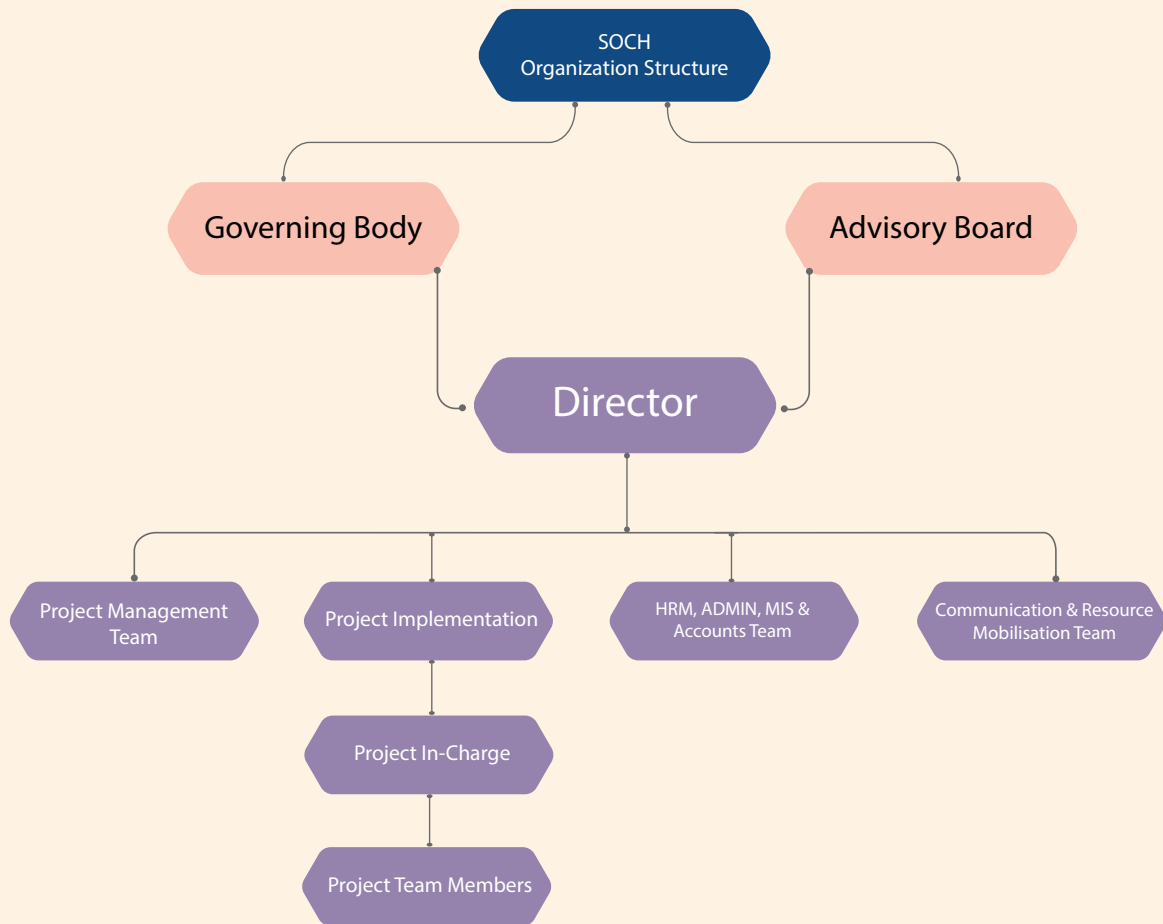

Fig. 1.2

Founder Profile

Manoj Kumar was born and brought up in a small village in Ganjam District of Odisha. He graduated in Science but his interest for Social Work and Entrepreneurship has landed him in TISS, Mumbai, where he studied Social Entrepreneurship and Child Rights.

Since student life, he has been involved in helping children and later founded a child centric NGO named SOCH. The organization has already helped close to 5 thousands children from various difficult situations. One of his projects has already helped close to 40 hard behaviour and addicted children in month long rehabilitation programme. He is currently setting up a permanent rehabilitation centre for them to help large number of such difficult children. SOCH has been recognised in many national and international platforms.

He is also co-founder of a company named 'Jupidocs', which does business in digital marketing and have clients from all over the world. This business contributes its 20% profit to SOCH.

He has worked as independent consultant with many reputed organisations and recently founded an advisory firm named 'Impact Advisory iA' in order to help grant seekers and grant makers in forming mutual beneficial partnerships and have high impact of their social projects.

He has received many recognitions and awards for his work like 'Inspire Award 2018-19', 'Punya Utkal Sanman', 'One of the top 50 change agents of Odisha' etc...

Departments

Project Management Team: Headed by the Project Officers it is essentially involved in planning, organizing, facilitating, monitoring and evaluation of different projects. It also explores new avenues for expansion.

Project Implementation Team: The team comprises of the Project In-charge, Field Workers and Volunteers who are the implementer and the performers. They play a vital role in reflecting the key issues and challenges on the ground at the grass root level.

HRM, Admin., MIS & Accounts Team: It comprises of HR & Admin Manager, MIS Officer and Accountant to support the smooth functioning of the different activities in the organization.

Communication & Resource Mobilization Team: This department focuses on fundraising, branding and other PR activities under the supervision of the Communication Officer.

The creator has tried to depict the essence of clean and healthy environment in our lives.

BY Jagdish Sabar (Puri, Odisha)

Table 1.2

PROJECT RAKSHYAK

Project RAKSHYAK as the term suggests is the Saviour for the children who have run away from home, get separated from their families, are abandoned or abducted or are being trafficked for illegal activities. The project is currently operational in three locations of Odisha, viz. Bhubaneswar, Khurda Road and Berhampur railway stations. It also partly operates in Puri.

Train stations have been found to be a major port for the runaway, missing, abandoned and trafficked children. Railway Station being a very sensitive and vulnerable location for the above mentioned category of children, SOCH prioritizes the spot. Trains are very easy and convenient mode for runaway children & for

the Traffickers to operate, children get separated or get lost from their parents / guardians in the due course of journey and many parents abandon their children at the Station vicinities. Also many children stay on the platforms and get involved in activities like begging, stealing, sweeping, light addiction, etc. Hence it has been strategically opted for SOCH operation.

Fig. 1.2 depicts the activities and the process flow of Project Rakshyak that initiates with Outreaching & Networking and concludes with Follow-up. The intermediary steps like Counselling Centre activities, Counselling, Address Tracing, Child Resettlement through Child Welfare Committee (CWC), and Follow-up pursues between initiation and conclusion.

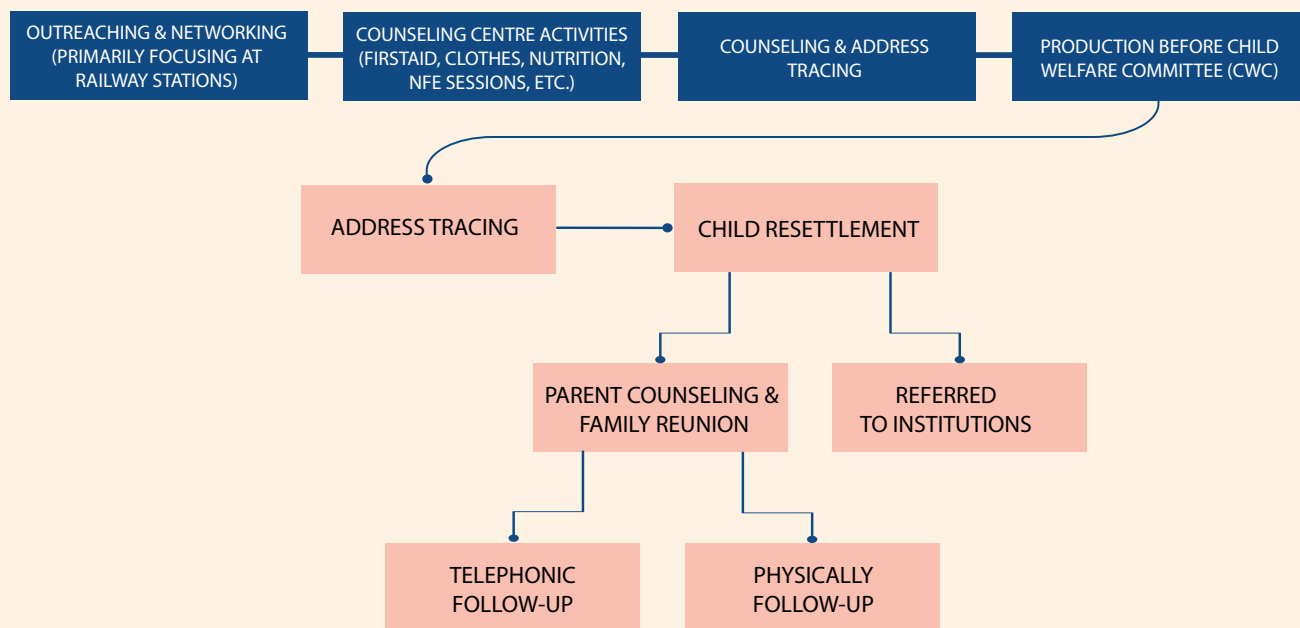

Fig. 2.1

Outreaching & Networking

This is where the project operation initiates. The rescue process is cascaded into Platform Intervention (by reaching out to the children), Rescue and Network Building. The outreach process includes platform intercession, observation, handling crowd situation, first point of contact with the child, motivating the child to come to the safe place and providing the rescued child's information to RPF and GRP. Along with this, the outreach team also organizes and conducts awareness meetings with all the stake holders.

Platform Intervention

It is a major activity where the outreach workers cover all the platforms of the Railway Stations. This is a process of observation and identification of potential child in need of care and protection who are vulnerable to be victimized by the predators, or being trafficked by the traffickers. It starts with a general interaction with the potential victim so as to build rapport as well as to verify if the child is actually a case of child in need of care and protection.

Rescue

On confirmation about the child that if the child is actually a case of child in need of care and protection, the outreach worker will rescue the child and coordinates with the Government Railway Police Station (GRPS) and the Railway Protection Force (RPF) for Govt. formalities followed by the child being brought to the Counseling Centre for further action.

Trends Observed on Child Rescue at Railway Platforms

Observing the flow of children & rescued number, we got a pattern as above.

- Most of the children rescued across all locations were from platform no.-1.
- Out of the total 675 children rescued in FY'2018-19, 308 children were rescued from Platform no.-1.

Network Building

A good network with the Stakeholders ensures that maximum runaway children benefit. We aim at creating “child friendly stations” through active engagement of the Stakeholders. Networking with the key Stakeholders maximizes the reach to runaway children in the Railway Stations. Within the realm of Network Building, sensitizing activities among the Stakeholders are undertaken through awareness meetings and information sharing regarding the disadvantage of platform life for the vulnerable children for the Stakeholders.

Fig 2.2

To create “child friendly stations” through active engagement of the Stakeholders And to keep them updated about SOCH activities, awareness meetings are organized on a regular basis. The details of the meeting with stake holders are depicted in table 1.4

CASE-1

A STORY OF AN IGNORANT CHILD WHOSE FRIEND MISLEADED HIM

NAME	Balabhadra Gouda (Name Changed)
AGE & GENDER	12 years old boy
EDUCATION	10 th standard
RESCUE DATE	02.04.2018
PARENTAL STATUS	Father-Vendor Mother-Daily Labour

A tender mind could soak in all experiences of life like a blotting paper but it could leave a lasting impact on one's later life. Such was the situation with Balabhadra, a 12 year old boy from Khandagiri area. Born into a very poor family where his father was a vendor and mother a daily wage labourer. His life was a completely wretched one. Living in abject poverty along with seven siblings almost was an affliction. The trials and tribulations of life were immense for him. His parents could barely provide for the basic needs of their

children let alone guidance or counseling. Balabhadra felt extremely tormented. He befriended a boy called Tofan from the neighborhood and got some solace from his mental agony. Disaster struck when Tofan introduced him into drugs. Initially there was certainly an adrenaline rush and a boost to his sagging mental condition which he seemed to savour. This lasted as long as his father discovered this fact and severely beat him up to knock some sense into his mind. In a fit of anger he left home to be on his own. He landed

up at the Bhubaneswar railway station where SOCH outreach workers found him in a deplorable condition. He was in a total catastrophe having no sense of direction in life at all. The volunteers counseled him about the perils of platform life and drug addiction. He

confessed that he was desperate to get back home and lead a normal life with his family. After completion of official formalities, Balabhadra was produced before the CWC on 2nd April 2018 and reunited with his parents on 5th April 2018.

Follow Up – He's helping his father in earning in the locality after completing 10th when we did a telephonic follow up on 15th July.

CASE-2

ANGER VINDICATED THE KID WHO LET HIMSELF IN DANGER

NAME	Ranjan Nayak (Name Changed)
AGE & GENDER	17 years old boy
EDUCATION	8 th standard
DATE & TIME OF CONTACT	9th Feb. 2019, 12.40 pm
PARENTAL STATUS	Father-Vehicle Mechanic Mother-Housewife

Ranjan, a seventeen year old young lad from Sambalpur decided to flee from home because he could not accept continue living with his family as his mother was always scolding him. Little did he ever realize that it was for his good. The adolescent mind has its own peculiarities. He thought he would be much better off staying away from parental control. He left home & landed up at the Khordha railway station. Since he had no alternative, he chose to live on the platform & earned his living sweeping the trains. On 9th February, 2019,

he caught the attention of a SOCH outreach worker on platform No: 2. On interacting with him, after a while, he revealed the truth. The outreach worker made him realize about the dangers & vulnerabilities of platform life. He was counseled to go back home & lead a proper life. He was kept in the Bhairavi Open Shelter that day. On 11th February, 2019, he was produced before the CWC. His parents were subsequently contacted & they came to fetch him back. Thus SOCH was successful in reuniting Ranjan with his family.

Follow Up- On 12th June, when we called his father, he told us that he's now safe at home and studying properly.

SOCH (Society for children) is a not profit organisation which is working since Aug. 2012. It rescue's missing, abandon, mentally, physically disabled children and takes appropriate action to save them from the hazardous people of the Society in Indian Railway station particularly,

So I think it is very much essential for our society to save the future of that of unhelpful children. Indian Railway should respect and also cooperate them to do that good work.

Thank you

Gyan Ranjan Pradhan

Counseling Center Activities

Counseling Centre Activities become essential as not every child opens up on the first go. They need some time and their confidence has to be won to extract facts. It also comes handy when child is rescued in a very precarious condition suffering from starvation and deprivation. Hence to win over their confidence and attend to some immediate needs of the child rescued,

they are brought to Counseling Centre, where they are helped with nutrition or to be engaged in Indoor games, Music, Entertainment, Drawings, Food and Fast aid before counseling. This helps them relax and ward off all the stress they have been through. Further it builds trust and leads to a friendly relationship between the rescued child and the Counselor.

NUTRITION:

Children who are helped by the **SOCH** staff are found to have been starving since days. The counselling center provides them food all throughout their stay at **SOCH** counseling center.

CLOTH SUPPORT:

Children who are found in dirty clothes are provided cloths by the **SOCH** team.

FIRST AID:

Due to the harsh life style of the street life, the children are sometimes found injured. **SOCH** helps such children by providing First Aid to them.

NON FORMAL EDUCATION:

In case when children have to stay in the counseling center for more than 6 hours, they are engaged in non-formal education.

RECREATIONAL ACTIVITIES:

Play therapy is used to make the children comfortable in the temporary shelter home through the use of indoor games like puzzles, carom, painting etc.

The artist's way of imagining birthday celebration difference between a rich family and poor family that clearly indicates his innocence of seeing the world.

By Kamesh Pradhan, Bhubaneswar

Counselling

Every age has its own challenges but childhood is not an easy, carefree time. Children do have their own share of problems. The transitional events like separation of parents, violence among parents, alcohol-use, barriers to education, and the financial restraints in the family can lead to emotional trauma among children. Under such circumstances, children are more likely to need special attention and help. Families play a big role in providing this support system. In case the children need more help, counseling by a professional counselor becomes important.

SOCH understands the vitality of counseling for children and thus, provides counseling to rescued children by professional and experienced counselor. Starting from the initial day of contact, counselors in SOCH help the children to get in touch with their feelings and help in minimizing their anxiety about being lost or of a bleak future. They are made aware of their life space so as to build a meaningful future through self-determination of meaningful and realistic goals.

Since the children might have eloped and feel that their family members might not accept them back, many times, they keep their family details a secret. The counselors provide a non-judgmental environment for an amicable resolution of such thought processes. Moreover, children who display various behavioural or adjustment issues, these counselors work towards building of constructive behaviour among such children. The primary counseling starts with the first point of contact to a child in station, where rapport and

trust building is done to encourage the child to have faith on the SOCH staff. After coming to the counseling centre, necessary counseling is done in accordance to the child's needs.

There are counselling sessions for both, the rescued child as well as for his/her parents by professional and experienced counsellor. In case of a child it helps to

identify the root cause of the action and for parents it would act as introspection for them; thus bridging the generation gap. Counselling also helps in minimizing a child's anxiety about being lost or of a bleak future. It also helps in address tracing and reunion as the real reason is disclosed.

CASE-3

DECEIVED BY FALSE PROMISES, 17 YEARS OLD GIRL LANDS HERSELF IN A FIX

NAME	Shabana Khatun (Name Changed)
AGE & GENDER	17 years Female
EDUCATION	4 th standard
RECUE DATE	11.07.2018
PARENTAL STATUS	Father-Mason Mother-Housewife

Shabana, a 17-year old girl from Medinapur was duped by a boy who promised to marry her and be her partner for life. She met him during a brief visit to her uncle's village. They continued in a relationship and got married without anybody's knowledge. The boy took Shabana to his house where both of them were denied acceptance. They were humiliated and asked to leave home. The boy then managed to convince Shabana to go back to her home and remain there as before until he would settle down and take her back. He requested her to cooperate and make things easy for him. She conceded as she was deeply in love with him and could make any sacrifice for their togetherness. She had her own fantasies and had almost seen a pie in the sky. She could do nothing but trust him as she was blind in love. They kept in touch over the phone with everyone else around in oblivion.

The day arrived for which Shabana had been eagerly waiting for. She got a call from her fiancé to reach Bhubaneswar (where he was working in a marble

factory) where he would receive her. She sneaked out of the house to chase her lover leaving all her family members behind. Brimming with guilt and despondency, she reached Bhubaneswar on 11th July, 2018. She was anxious and scared too as there was no familiar face around. She had landed up literally in a 'no man's land'. There was even no trace of her fiancé. Distraught and disturbed with a fluttering heart she had no clue about the next course of action. Fortunately, a SOCH worker found her at platform No: 1 in a distressing and woeful situation. He tried to make her comfortable so that she could vent out her nervousness. Initially Shabana was apprehensive but later gushed out her worries as she was in dire need of some help. She took him into confidence and narrated her life's story. The volunteer even tried to contact her boyfriend but in vain. She was given some refreshment and handed over to child-line through GRP for her safe living until contact could be made with her parents to take her back home. SOCH could avert a disaster for Shabana by putting her on the right track.

Follow Up- She's idle at home with her parents when we telephoned his father on 12th Nov.

CASE-4

TEENAGE LOVE, A PRIME FACTOR ATTRIBUTING TO INCREASING RUNAWAY RATIO

NAME	Neha Mallick (Name Changed)
AGE & GENDER	17 years Female
EDUCATION	Intermediate
DATE & TIME OF CONTACT	21.04.2018
PARENTAL STATUS	Father-Businessman Mother-Housewife

Love does strange things to people, especially the ignorant teenagers of today's society. A queer situation arose in the life of a seventeen years old Odia girl, Neha Mallick from Kolkata. She lived with her parents & was pursuing her +2 studies there where her father was into business. In the meanwhile, she was into a relationship with an Odia boy working at Vishakhapatnam. Her parents were well aware of it & even accosted her for the same. Disturbed by her plight she wanted to leave home to be with her boyfriend. She convinced her parents & left home to spend some time with her grandparents in Odisha. Although skeptical, her parents allowed her the privilege of travelling alone. She did reach safely at her grandparents place.

After a few days, she left their place on the pretext to visit the market place with a piece of paper & some little money. She landed up at the Bhubaneswar Railway Station on 21st April, 2018. There she reached out to a stranger for some help. She wanted to make a phone call to a number which she claimed to be her

brother's. Incidentally, the stranger was an outreach worker with SOCH. He complied to her request but there was no response from the other end. She appeared very anxious & desperate. Then there was a call from that very number & the girl seemed relieved. There was a prolonged conversation between the two. The SOCH activist by then had smelt something fishy & did not leave the girl alone. Later he gathered that she was insistent on going to Vishakhapatnam but the boy refused to accept her at that point of time in his life. He bluntly refused her proposal to be together. Smitten by his response, she was heartbroken. After much prodding by the SOCH worker, she confided that she intended to run away from home to be with her boyfriend, who in turn refused to accept her.

The outreach worker immediately reported the matter to the GRPS who referred her to Child line for protection of the girl. After incessant counseling sessions at the CWC, she was handed over to her parents after a few days.

Follow up- she's living with her family happily when we did a follow up on 15th July.

CASE-5

DISINTERESTED FROM STUDY, SIBA DECIDED TO ESCAPE FROM RESPONSIBILITY

NAME	Siba Mahanta (Name Changed)
AGE & GENDER	12 years old boy
EDUCATION	7 th standard
RESCUE DATE & TIME	01.05.2018
PARENTAL STATUS	Father-Daily Labourer Mother-Housewife

Education is the key for one's own good living. It not only facilitates our learning, knowledge and skill but it changes our mind and personality. It helps us to attain a positive attitude setting up a proper perspective for life. Siba Mahanta, a 12 - year old boy from Mayurbhanj never understood the value of education and landed up in deep trouble. His father was a labourer and mother, a homemaker. Though they were illiterate, they wanted their only son to be educated so that he did not have a miserable life like theirs. But he had absolutely no interest for his studies. He was fun loving and had a keen interest to visit different places. But his father could barely provide for this luxury. One day he escaped from home to visit Puri. Unaware of the route and direction he boarded the wrong train and landed up in Bhubaneswar. Enamored at the city's expanse and glamour he did not have a clue as to how he would carry forward his journey

of life. He was in deep anguish when he was traced by SOCH volunteers at the Bhubaneswar railway platform. On interrogation he tried to put up a brave front but that did not escape from the vigilant eyes of the SOCH workers. Their repeated queries made him admit that he had run away from home to escape the rigors of education. He wanted to lead a carefree life, exploring different places as that enchanted him more than going to school. The SOCH volunteers tried to show him reason by making him aware of the dangers of platform life. He would be vulnerable to any kind of misfortune endangering his valuable life. He could enjoy life's pleasures by the support and care of his family and through proper education. He realized his mistake and promised to go back home and pursue his studies. After the due formalities were clear he was handed over to the GRP and later to his parents.

Follow up – We did a phone follow up on Aug 2018 and got to know that he is idle at home.

EDUCATION WISE CATEGORY DETAILS:

CLUSTERS	1-3	4-7	8-10	INTER.	GRAD.	URDU	NIL	UN- KNOWN	TOTAL
BHUBANESWAR	09	78	140	12	00	04	59	00	302
BERHAMPUR	04	47	167	14	00	00	17	00	249
PURI	05	23	29	01	00	00	16	05	79

Table 2.5

The above table indirectly reflects the tender age where children are more vulnerable. It mostly happens during their teenage; as maximum children rescued fall in the education bracket of 8th Standard to 10th standard; that they lose track.

GRAPHICAL (BAR) REPRESENTATION OF TABLE 2.5

CASE-6

THE CHILD BECAME AN ORPHAN CHILD IN SPITE OF HIS FAMILY

NAME	Neeraj Sahoo (Name Changed)
AGE & GENDER	15 years old boy
EDUCATION	8 th standard
DATE OF CONTACT	4 th July 2018
PARENTAL STATUS	Father-Businessman Mother-Maid

Neeraj, a fifteen year old boy from Berhampur was leading a very happy-go-lucky life with his family. His father was a shopkeeper & mothers a housewife. He had an elder brother & sister. The family was a close-knit one. There was abundance of affection for each other & they lived in utter happiness. One day some evil eye struck attention on the family when there was a complete change of circumstances. Everything went topsy-turvy. The parents separated. His father

remained in the village looking after his shop & the mother moved to Bhubaneswar to work as a house maid. Neeraj stayed back to live with his father, but was subject to unreasonable torture at the hands of his alcoholic father. He turned to his mother for attention & affection but was disappointed too. He decided to be on his own & began living in the railway station. He was spotted at the platform No: 1 at the Berhampur railway station. He was playing some games with

the street urchins. They tried to run away from the place fearing interception. But SOCH volunteers did manage to get hold of them. After several counselling sessions, Neeraj shared his traumatic experiences of living in a house with parental discord. He was extremely disturbed & had completely given up on

going back to his parents. He was counseled on the dangers of platform life. He was produced before the CWC on 4th July 2018 & then shifted to an open shelter in Berhampur. So, thanks to SOCH, he is safely living in the shelter home away from the perils of a platform life.

Follow Up- we did a phone follow up on 10th November to his father and he shared that he is idle at home.

Address Tracing

First priority of project Rakshyak being family reunion, address tracing become the key activity. If during the process of initial interaction, the address details of parents couldn't be found, the children are brought to the counseling centre for counseling purpose to extract the family address from the children and are then handed over to the CHILDLINE or produced before the Child Welfare Committee (CWC).

At times the address tracing is undertaken with the

help of Stakeholders like the local police, Railway Protection Force (RPF), help of Internet and local NGOs. Their help along with the landmarks shared by the children during conversations is one of the major works undertaken by the SOCH team to reunite the child with their family.

The authentication of the address details as given by the child might take days and sometimes months. During this period the child needs to be counseled regularly so as to get more details about their address, and to protect them from further emotional distress while in the shelter home. Since it is unfair to expect the child to give accurate address, each input during the counseling process- phone numbers, house number, temples, nearby hospitals are taken note of. Sometimes, when the children can't verbally express the landmarks, they are encouraged to draw landmarks or maps to get a superficial understanding of their home address at the least.

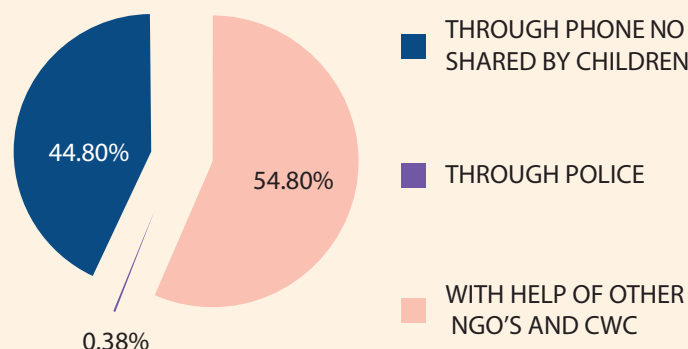

DETAILS OF ADDRESS TRACING

CLUSTER	THROUGH PHONE NO. AS SHARED BY THE CHILDREN	THROUGH POLICE	WITH HELP OF OTHER NGOs OR CWC	TOTAL
BHUBANESWAR	69	00	149	218
BERHAMPUR	189	00	28	217
KHURDA	19	02	14	35
PURI	04	00	44	48
TOTAL	285	02	233	518

Table 2.6

As reflected in the above table the Counselling has been an effective supporting tool for Address Tracing. Other than this support from local NGOs and CWC has been next best supporting contribution in tracing the parental addresses.

GRAPHICAL (PIE) REPRESENTATION OF TABLE 2.6

CASE-7

“TB” THE MERCILESS DISEASE MADE THE CHILD ORPHAN

NAME	Niranjana Nayak (Name Changed)
AGE & GENDER	14 years old boy
EDUCATION	4 th standard
DATE & TIME OF CONTACT	7 th June 2018, 12.40 pm
PARENTAL STATUS	Orphan

Niranjana Nayak, a 14 year old boy from Ganjam had a life which could portray a story for a classic tragic movie. His short span of 14 years was inundated with myriad distressing events which almost left him shattered. Born into a very poor family to an alcoholic father and a diseased mother, his childhood was lamentable. He lost his parents very early and was left in the care of his step mother and brother. His brother left home to work in Chennai to fend for the family. Niranjana had to drop out from school from the 4th standard to work as a daily wage to sustain himself. Constant squabbles with his step mother brought in another disaster into his life. His step mother committed suicide leaving him to languish alone in this cruel mundane world. His

grandmother living out of her old age pension took the boy into her care. Life was utterly miserable as they lived in contemptible poverty. There was a suggestion from an uncle to send Niranjana off to Chennai with a job that could fetch him Rs. 7000 per month. On 7th June 2018 when he was at the Berhampur railway station ready to depart for Chennai to begin a new innings in his life he was traced by SOCH volunteers. On their intervention he broke down and shared his life's story. He expressed his inclination to study and lead a better life. SOCH referred the child to an open shelter in Berhampur as per the orders of the CWC, Ganjam thus saving a very precious life.

Follow up- On 5th Oct we did a follow up and got to know that He's staying with his uncle and Idle at home right now.

Child Resettlement

No child should ever be forced to live alone and at risk on a Railway Station. Hence child resettlement becomes the top priority for which sincere efforts are made and proper care is taken to trace the family address of the children. The resettlement can be done in two possible ways; through reuniting the child back with his/her family or forwarding the child for Institutional Care via CWC. The resettlement process is supported by parent counseling.

Family Reunion

Children have a right to lead a happy and safe life. Home restoration is the best way for ensuring safety for runaway children. We, at SOCH, believe in reintegration of the children into their family as soon as possible. Given the context of India, where familial bonds are the threads which regulate a child's sense of belongingness. This sense of belongingness is an integral part of the child's sense of identity. Therefore, family reunion are the times of rejoice. They are the times when the efforts of SOCH seem to be successful.

Referral to Other Institutions

Every home is not safe. Not every child will be happy in his/ her home. More than driven by the aspect of reuniting the child with their family, SOCH is driven by the spirit of restoring happiness of the child and ensuring the child's safety. There are few stories that don't have a happy ending after being reunited with the families. There are certain situations wherein it becomes impossible or is unfair in the part of the child to reunite them with their families.

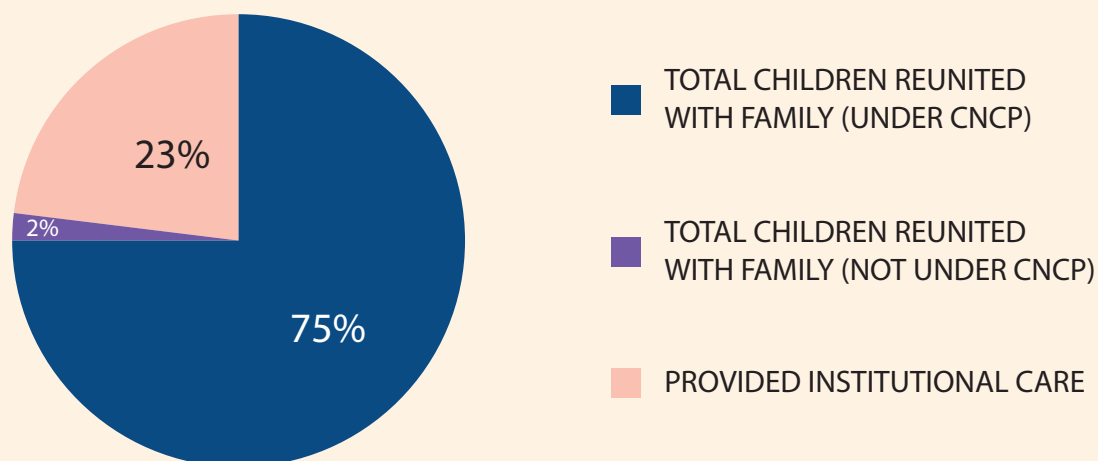

Homes where the child is exposed to regular emotional trauma through abuse, violence or separation of parents; or is forced into child labor due to the financial condition of the parents; the children are referred to different Government Sponsored Shelter Homes (Open Shelters) and Child Care Institutions (CCI). These institutions provide them shelter, education and professional counseling during times of distress. The goal of reuniting with the family or being handed over to any institution is set up during the process of counseling by the CWC members or the organizations.

Follow up Support

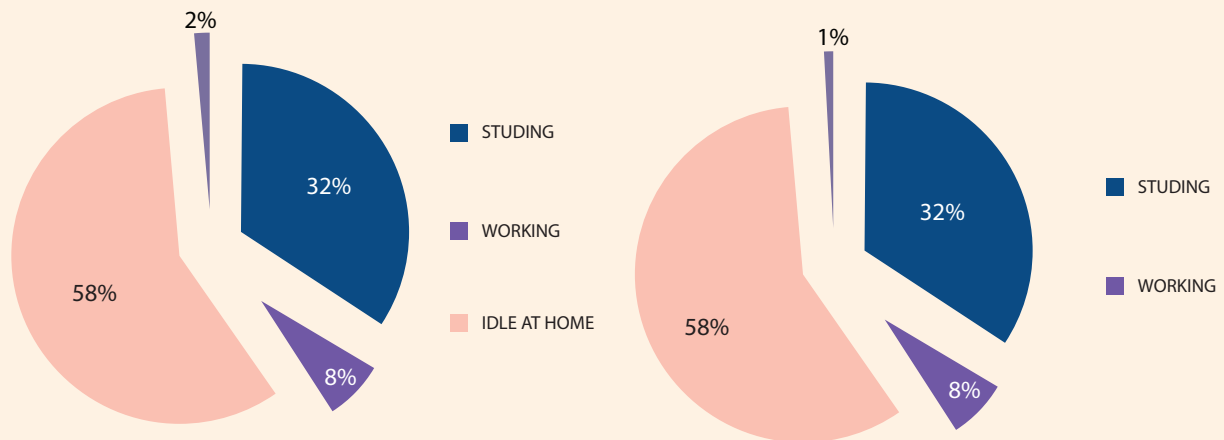

The rescued children are a part of SOCH family. Our relationship with them doesn't end with their reunion with family or resettlement of the child with institutions. A telephonic follow up is done after one-month and then a subsequent follow-up after three months from the date of child resettlement. In some cases, a physical follow-up through home visits is done to establish the reliability of the telephonic follow up information.

Home Visit

Resettlement and telephonic follow up are not sufficient for the children to support them and their family. Sometimes SOCH team makes home visit to the resettled children to verify their recent physical

status. This process provides them physical and moral support to grow. SOCH also provides some financial and material support to the children. Study material dress and monetary support are provided to create excitement within the children to focus on study and have a bright future. SOCH team also provides counselling to the children and parents for better living and for bright future of the children. Every month SOCH conducts minimum 2 home visit programmes. In this year 2018-19 SOCH has conducted one home visit programme in Khordha Cluster.

CASE-8

LACK OF COMMUNICATION WITH PARENTS MADE THE CHILD ARROGANT.

NAME Binay Behera (Name Changed)

AGE & GENDER 14 years old boy

EDUCATION 9th standard

DATE & TIME OF CONTACT 14th Feb. 2018, 12.30 pm

RESCUE LOCATION Khurda railway station

It's ok to be scared & being afraid but it should not be ok to give it up. Binay, 14 years old teenager feared the school & education but his parents rather than making him feel comfortable, they chose to face him with power which made him run away from home.

Binay had not gone to school for past 7 days as he was not interested in studying. His father scolded him to study well. So, in rage of anger & frustration, he left home on 14th Feb. 2019 with Rs 200/- to visit Puri. He reached at Khordha railway station at 5 pm that day. Seeing the child sitting inside the train alone & confused, SOCH team approached him during platform intervention. He seemed nervous when being asked about his details. But with our proper counseling, we made him comfortable & gave him snacks as he was hungry. Then, he gave us his father's contact number

which was unreachable that time. As it was evening already, so we kept him in an open shelter & produced before the CWC the next day on 15th Feb. 2019. After the joint effort of SOCH & CWC, we could trace his address and finally on 21st Feb., he reunited with his family. Both of his parents came that day & we counseled the child again as well as his parents to treat him in a better way.

On 17th March, we followed him by telephone & got that he's studying at home. On 19th March we followed up physically to his home & tried to make him understand about the harmful effects of platform life. We gave him a school bag, pen, pencil, Tiffin box etc to help him in his study. He also showed interest to join our Punarjivan camp after we discussed the positive impact of camp life.

SOCH has helped 4805 children since its inception and from which 3439 children have been reunited happily with their family till 31st March 2019 may be under CNCP or not under CNCP which is 72% success rate.

CASE-9

SOCH SAVED A CHILD FROM GETTING ILL CONCEIVED.

NAME	Rohan Roul (Name Changed)
AGE & GENDER	15 years old boy
EDUCATION	10 th standard
DATE & TIME OF CONTACT	12.02.2018 , 2.30 pm
SIBLINGS	two elder sisters
RESCUE LOCATION	BHM railway station
PARENTAL STATUS	Father-Expired Mother-Housewife

The momentary pleasures of life seem more attractive than life led with some discipline to any teenager. Such was the case with Rohan, a fifteen year old boy from Ramnagar, Ganjam. He led his life like a free bird wandering aimlessly all day long with his friends. He never bothered about his studies & bunked school on a regular basis. Every day he used to set out from his

home to school but land up exploring places around & get back home diligently after a day's freak out with his gang. One day (12th February 2018) while doing the same, he was caught by the SOCH volunteers at railway platform No: 2 in Berhampur along with a friend. They did not want to reveal their identity & even tried to mislead the volunteers. On checking their

bags, their school uniforms & identity cards were found inside. On making persistent queries, they admitted the truth. They could retrieve their address & contact number from the I-cards. They were counselled about the dangers & vulnerabilities of platform life. SOCH referred them to the CWC, Berhampur. They were handed over to their parents on 13th February 2018. Their parents were also counselled of keeping track of

their children's whereabouts.

Subsequently SOCH followed up this case & made a surprise visit to Rohan's house one day on 13.03.19. He had lost his father to a liver ailment but was sincerely focusing on his studies for his ensuing board exams. SOCH assured to help him for his further education anytime he needs assistance.

CASE-10

IN THE AGE OF SCHOOL GOING, A KID DECIDED TO TAKE OVER RESPONSIBILITY.

NAME	Subhash Nayak (Name Changed)
AGE & GENDER	14 years old boy
EDUCATION	5 th standard
DATE & TIME OF CONTACT	27 th June 2018, 12.00 pm
PARENTAL STATUS	Father- Expired Mother- TB Patient

Subhash Nayak, a fourteen year old boy from Ganjam district had a very tragic childhood. He lost his father to cancer at a very early age. The family had run into debts for the treatment. Little had he recovered from the trauma, disaster struck again when his mother was diagnosed with TB. Although he had an elder brother who was working, he was not supportive. Finally, Subhash decided to look for work & earn for the family. His mother had become too sick to work. At times even they had to go without food. He was told by some villagers that they would fetch him work in Hyderabad for Rs.200/ per day. He agreed with the offer & set on the journey to Berhampur from where he would board the train to Hyderabad. He was sitting on platform No: 2 when he was discovered by SOCH

volunteers. He was carrying a copy of his Aadhar card & an amount of Rs.230 with him. On enquiry, he was very nervous & did not want to share his life's story. With the persistent efforts on the part of the volunteers, he was first made comfortable to open up so that they could help him out some way. He felt reassured with their counsel & disclosed the truth. He was advised against taking any help from strangers as he could land up in deep trouble. SOCH took the case to GRP & then was produced him before the CWC the same day. Contact was established with his mother & on the 28th of June, 2018, he was safely handed over to her. She was more than happy & relieved to get his son back. Another mission was accomplished by the sincere workers of the organisation.

Follow Up- when we did a follow up on 10th of October, we got to know that he's idle at home and planning to work near his house as well as study.

CASE-11**THE LABOR OF BRICKS FACTORY SHATTERED THE DREAMS OF PRITIRAJ.**

NAME	Pritiraj Majhi (Name Changed)
AGE & GENDER	15 years old boy
EDUCATION	10 th standard
DATE OF CONTACT	15 th May 2018
PARENTAL STATUS	Father- Farmer Mother- Housewife

Life had a different design for, Pritiraj, a fifteen year old tribal boy who left home from Kandhamal to go to Chennai to serve in a company under the guidance of his uncle who was presumably working in an office in some respectful job there. He had dreams to carry back loads of money for his parents & presents for his two younger sisters. During his journey by bus to Berhampur from where he would board the train to Chennai, he was turned on by the natural beauty of his home place. He was carrying wonderful memories of his childhood, his life with his family & friends. Although he was leaving home with a heavy heart, he was excited to explore the wider world around where he would be his own master. He had a purpose for this big journey.

On reaching Berhampur, he left for Chennai with his cousin. When they finally reached the place where his uncle was working, he found to his utter surprise that it was a brick kiln. He was aghast to know that he had to undergo such a hard task to earn his livelihood. He found little children working there to make ends meet. He was expected to cook his own meals. He missed

his home badly. One day while carrying bricks on his head, he suffered from a black-out. On regaining his consciousness, he saw he was lying in his uncle's house. He by then had decided to flee from the place when he felt a little better. He was refused money by his uncle so he could make no contact with his parents.

One fine morning, he along with his cousin reached Berhampur on 15th May, 2018. He was traced by the SOCH volunteers on platform No:1. On initial interaction, he said he was on his way to Chennai to visit someone. When asked about his luggage, he fumbled which reaffirmed the apprehension of the volunteers. He was taken to the children's counselling room. He was properly fed & made to feel comfortable so that he could share his life's story. He eventually confided in the volunteers about the tragic turn of his life after he left home for a better living. He was produced before the CWC, Ganjam who referred him to open shelter for further care & protection. A precious life was thus saved.

Follow Up- On 14th Sept we did a phone follow up and got to know that he's continuing his study at home.

OBSERVATION ON RESCUE LOCATION:

Almost 80% of children rescued are from Odisha which is also evident with the fact that this project is being operated on the railway stations of Odisha. Odisha is followed by West Bengal, Bihar and Jharkhand. The

reason might be that these railway stations are well connected to West Bengal, Bihar and Jharkhand. Most of these railway stations are on the main line which directly connected to some of the most important cities of West Bengal.

Gaphical Representation Of State Wise Rescue By SOCH

The painter here is trying to depict the importance of Traffic Rules and by this art; he's showing even children should have knowledge about these.

PAINTING BY :Kamesh Pradhan, Bhubaneswar

Felicitated with “Inspire award 2018-19” @ Parivartan & BWW, Bhubaneswar

EVENTS & ACTIVITIES

NEW YEAR CELEBRATION-

New Year is the time of the onset of a new sunrise of hope, positivity, new resolutions, goals and new beginnings. While the rest of the world is busy in parties, ceremonies, bursting firecrackers, engrossed in the New Year mirth, there remains a section of the

society who are devoid of such luxury and have no choice but to watch others enjoying. SOCH believes in fostering nurture and care in the lives of these children and hence being a responsible social institution and working especially for the cause of children, SOCH has always tried to spread this joy to such deprived segment of the society in the best of its capacity. And we are glad that like every year SOCH celebrated this “New Year 2019” with few slum children. SOCH Team has organized an outing with 20 Slum Children (Pathara Bandha Slum near Satsang Vihar, Bhubaneswar) visited “Pathani Samanta Planetarium” and “Regional Museum of Natural History”. There were selfies, there was food, there was fun and there was learning too. Overall, the right way to new beginnings at the onset of the New Year

Objective of the celebration:

- To bring happiness/smile on the faces of innocent children.
- To enhance their knowledge about the evolution of Universe.

We acknowledge the support of:

1. Dr.Subhendu Pattanaik, Dy. Director of Planetarium
2. Mr.Prashuram Pandit, Regional Training Manager of L & T Construction
3. Ms.Jayanti Panda, DGM of BSNL, Cuttack
4. Mr.Santanu Sahoo, Proprietor of “Horizon Design”
5. Er.Deepak Ku.Mallick, Founder of “IDAX Consulting Pvt.Ltd.”
6. Mr.Parsuram Behera, Proprietor of “Mio Amore”

Outing with children

Poverty may be a forever friend to the slum but we never see the poor cribbing about their lives. They grin brighter than the sun shining bright in the sky. And SOCH always seeks to add the needed warmth.

Year 2019 completed its first quarter and most of us

are a little relaxed after year end closing and children are relaxed after their final exams. But there is group of children who is very much ignorant of all such activities going on around them. For them; with limited opportunities and access to the outside world; life has been confined to some square meters with a very restricted source of knowledge and entertainment.

In the past, SOCH has held activities like Mehendi & Rangoli competition, Lemon water distribution, New Year or Childrens' Day Celebration etc for the benefit of the slum children. SOCH has proved itself to be a sincere supporter to building a responsible society. And to add to that list, day out with slum children from three different slums like; Narayan Basti (Unit-8), Banadurga Basti (Rasulgarh) & Pathara Bandha Basti (VaniVihar) was planned at the "State Museum".

Objective Of The Programme:

- To bring happiness/smile on the faces of innocent children.
- To enhance their knowledge of our history, animals and nature and other artifacts.

We Acknowledge The Support Of:

1. **Ln. Minakshi Das(President,Lions Club of Bhubaneswar Lotus)**
2. **Ln. Maya Swain(Secretary,Lions Club of Bhubaneswar Lotus)**
3. **Mr.Tejeswar Rao (Managing Director,Green Chillyz, Bhubaneswar)**
4. **Mr. Parsuram Behera (Proprietor,Mio Amore,Garage Chhak, Bhubaneswar)**
5. **Mr. Srikant Panda (Well Wisher)**

- Last but not the least; we are conveying our fondness to all those staffs for which the plan turned into a successful program.
- And we would like to rest our pen by thanking the youngsters for trusting us & for giving us a chance to make them smile.

Even a tiny drop of water helps make an ocean. And your act of generosity helped us in bringing smile to these kids' faces. We are so privileged & humbled to receive your support as well as your gracious presence at the event was a huge morale booster.

Activities Of The Event:

We received the children from three slums around 9.00 am & distributed the breakfast. We had two guests Mrs. Das & Mrs. Swain from Lions Club of Bhubaneswar Lotus, they interacted with the children & during our visit, they helped our SOCH team in orienting them about our rich culture & heritage. Then, we had a lunch break at 1.30 pm and after that the children shared their experience of their outing and we all returned after helping the children to reach their respective homes.

Outcomes of the Programme-

We found a chance to interact with the tender children and tried to know the ways of helping them have a better and nurturing childhood. Also, the presence of Lions Club of Bhubaneswar Lotus members inspired us to make such more events in recent future.

The kids were behaving out of the way when they reached to us at morning, even some of the children had tried to run away in the middle of the road saying they had changed their mind and that outing was of no good to them. We tried our best to persuade them & got a day of memorable moments with them who not only enjoyed the time being but also confessed their happiness & gratitude for letting them know these many things. One child, who was the most disobedient child seemed to be grateful & compiled towards us which made us believe in changing their mind for a greater cause.

Lemon Water Distribution

The “SOCH” behind the Idea

Social service knows no boundary. The “By Law” may limit the “Thrust Areas” of work but the conscience doesn’t. The ideology to serve the mankind pushes SOCH to extend its limits and expand the horizon of services. One move in the pursuance was organizing flavored “Lemon Water Distribution” camp for the passengers and travelers at Bhubaneswar Railway Station. But the uniqueness and highlight of the event lied in the fact that the Lemon Water was prepared by and distributed by children volunteers from the nearby slum under the supervision of SOCH staff.

Objective:

- To create hygiene and cleanliness awareness among the children.
- To invoke a sense of social responsibility among the children.

Our Special Thanks:

Any event is made successful through support and contribution of people. Here also we have many people to thank to as we feel it would be utter disregard to them if we don't. First and foremost we extend our gratitude to the **Station Director, Bhubaneswar Railway Station Mr. Chittaranjan Swain** to giving permission and approving a space inside the Station Premises. Secondly we appreciate the support of **Govt. Railway Police and Railway Protection Force** in helping us in preparedness to deal with chaotic situation. At the same time we also thank our stakeholders; the Cleaning staff and Watering staff above all for their support and help.

The contributions from our Sponsors cannot go unnoticed as it was the major motivation and confidence factor for going ahead with the event. And they are:

Exide Life Insurance (in-kind)

Sriram City Finance (in-kind)

Mrs. Mamta Bajpayi (in-cash)

Mr. Prafulla Biswal (in-cash)

Mr. Dhiren Kumar Chhotray (in-cash)

Names of the Children who participated:

Khusi Das (4 Yrs) Purnima Mohapatra (6 Yrs) Golapi Patra (8 Yrs) Gayatri sahoo (10 Yrs) Bharat Pradhan (12 Yrs) Sabana Parbin (12 Yrs) Khusbu Das (13 Yrs) Susama Sahoo (13 Yrs) Ahmmad Mahammad (14 Yrs) Subhadra Das (14 Yrs) Raju Behera (16 Yrs)

Training & Orientation:

To fulfill both the objectives flawlessly, all the children were brought to SOCH Head Office for Training and Orientation on how to maintain cleanliness and

Last but not the least we appreciate the participation of the 11 Volunteering Children from a Slum (Mochi Sahi) nearby Bhubaneswar Railway Station.

hygiene in and around our surroundings. Here they were educated on keeping self, home and surrounding clean and avoid using of plastic bags. They were also educated on the importance of having trees around.

Now it was time to train the child on preparing the planned Lemon Water. The preparation procedure was briefed to all the children and verified that they understood their respective roles in the event. Post orientation, these children were provided with some snacks before moving to their respective stalls at the Bhubaneswar Railway Station.

All the 11 children were divided into two groups of 6 children (for Platform no.-1) and 5 children (for Platform no.-6).

Lemon water preparation:

Prioritizing hygiene in both preparation and distribution it was ensured that all children and supporting staff were equipped with hand gloves. Also the Water used was purified distilled water in properly washed and cleaned containers. To make the Lemon Water a bit refreshing, healthy and tasty there were few other ingredients added to it like Mint leaf paste, Curd, Mango Ginger Paste, Sugar, Lemon juice & Salt as per

need. Around 100 liters of cold water was used and it was prepared by the children supported by SOCH staff. The preparation was live on the Platform.

Lemon Water Distribution:

Post preparation it was distributed to the travelers by the children again keeping in mind the hygiene. Among the benefiter, apart from the travelers, the Railway Authority staffs and some stakeholders also participated in it. It was first distributed in platform No-1 and then in the platform No-6.

Output & Learning:

There were in total 750 travelers who were benefited through the event. Though the event went smoothly, we took learning out of it. It was observed that the Travelers were not in order or not organized while approaching the Stall. They needed to be managed in a proper queue in order to avoid and possible chaotic situation.

Diwali Celebration

The festivals season is on and the mood of the people is mirthful in the flow of festivity. But there remains a section of the society who have no choice but to enjoy the mood by merely watching others enjoying. Hence being a responsible social institution SOCH

tries to spread this joy to such deprived segment of the society in the best of its capacity. And we are glad to inform you that like every year SOCH will celebrate this Diwali with the nearby (of Bhubaneswar Railway Station) slum children at Railway Station premises.

The focused objective for the celebration would revolve around:

1. Give happiness/smile on the faces of innocent children.
2. Create awareness among the children about celebrating festivals in togetherness.
3. Create a festive atmosphere and spread awareness about celebrating Dilwal the safe and colorful way.

Our Special Thanks:

We express our heartfelt thanks to Mr. Chittaranjan Nayak, Director, Bhubaneswar Railway Station, Members of “Rotary Club of Bhuaneswar New Horizon”, Mr. Bijay Ku Parija, Director, Puri Railway Station, Mr. Gagan Das, Inspector in Charge of RPF, Puri Railway Station, Mr. Phakir Mohan Sarab, Officer in Charge of GRPS, Puri Railway Station, Mr. Deba Dutta Subudhi Owner of Sagar Tarang Hotel and Mr. Nilakantha Behera, Key Stakeholder respectively.

And all other FOS members who could not make it to the event but have been gracing us with all their best wishes. Thanking all of you to make this event grand success.

We also thank the volunteer from NISWASS College for their involvement in the programme.

Last but not the least we appreciated the participation of those 60 children from two Slums i.e. Budha Nagar, Ashok Nagar & Ghoda Bazar near to the Bhubaneswar and Puri Railway Station.

Activities of the events:

The celebration encompassed various Competitions like Song, Drawing, Musical Chair, Quiz and Extempore speech. The winners of the competitions were felicitated by Rewards. It culminated with some snacks and clothes distribution.

Children’s Day

Every child has the right to happiness, be merry and be joyful. And even though Children’s Day is widely celebrated in schools all over the country, we would not want our slum children to be devoid of such a day in their lives. Hence, we went ahead and organized Children’s Day for the slum children on our own.

The focused objective for the celebration would revolve around:

1. To bring happiness/smile on the faces of innocent children.
2. To create awareness about the rights of children.
3. To propagate the importance of celebrating Children’s Day among these children.
4. To give a push to the potential talents and skills possessed by the children.

Our Special Thanks:

We express our heartfelt thanks to Mr. Chittaranjan Nayak, Director, Bhubaneswar Railway Station, Members of “Lions Club Lotus”, Members of “SAGE Foundation”. Mr. Nirmal Kumar Behera, FOS Member, Mr. Bijay Ku Parija, Director, Puri Railway Station, Mr. Gagan Das, Inspector in Charge of RPF, Puri Railway Station, Mr. Phakir Mohan Sarab, Officer in Charge of GRPS, Puri Railway Station, Mr. Deba Dutta Subudhi Owner of Sagar Tarang Hotel and Mr. Nilakantha Behera, Key Stakeholder respectively.

And all other FOS members who could not make it to the event but have been gracing us with all their best wishes. Thanking all of you to make this event grand success.

We also thank the volunteer from NISWASS College for their involvement in the programme.

Last but not the least we appreciated the participation of those 59 children from two Slums i.e. Budha Nagar, Ashok Nagar & Ghoda Bazar near to the Bhubaneswar and Puri Railway Station.

Activities of the events:

Various Competitions like Song, Drawing, Musical Chair, Quiz and Extempore speech were organized. The winners of the competitions were felicitated by Rewards. It culminated with some snacks and clothes distribution.

Rangoli & Mehendi Competition

SOCH organized some sort of competitions among the slum children. Sole motive was to bring in some fun in to the life of these children and give a spark to their creative talents. So in the occasion of Odia festival named as Rajo, SOCH has organized a Rangoli & mehendi competition among the slum children at outside of platform no-6 of Bhubaneswar Railway Station.

Objective:

- To enhance the some Vocational skills of the children.
- To create interest for traditional Odia Art forms among the children.
- To create a festive atmosphere around Railway premises for upcoming Raja celebration.

Our Special Thanks:

All this success would not have been possible without continuous support from our wellwhisers and cooperation of some like minded people who believe in us. First and foremost we extend our heartily gratitude to **Mr. Chittaranjan Nayak**, Station Director of Bhubaneswar Railway Station for giving permission and approving a space inside the Station Premises.

A very special thanks to Er. Deepak Kumar Mallick (Founder & Chairman of IDAX consulting & Research Pvt. Ltd.), who donated a canopy to SOCH..

We also acknowledge support and contribution of the below mentioned generous persons behind the success of the programme.

Mr. Parsuram

Mrs. Bijaylaxmi Sitha

Mr. Gunjan Agarwal

We also thank the volunteers from NIIS Institute of Information Science And Management College for their involvement in the programme.

Last but not the least we appreciated the participation of those 23 children from two Slums i.e. Budha Nagar & Ashok Nagar near to the Bhubaneswar Railway Station.

PANKH TRAVELS in association with OLA Flags off Lady Cab Driver Rental Services in Bhubaneswar

25th Aug 2018, Bhubaneswar, Odisha:

PANKH TRAVELS, an initiative of SOCIETY for CHILDREN (SOCH) in association with the world's largest ride-sharing companies, OLA launches a project for Lady Cab Driver Rentals Service on 25th August 2018 (Saturday) from the SOCH Head Office premises in Bhubaneswar at around 4:00 pm. The cabs will be exclusively driven by ladies who are trained and placed under Project Pankh of SOCH. In its Pilot stage the project has trained two ladies from Pathara Bandha Slum near Satsang Vihar, Bhubaneswar who would be driving one Car that is linked with OLA.

To grace the occasion and flag off the car were present some eminent Ladies from different professions.

- **Mrs. Subhashree Das, Director, Institute for Social Development (Chief Guest)**
- **Mrs. Priya Siqueira Mahapatra, GM, Corporate Social Responsibility, TCS (Guest of Honour)**
- **Mrs. Mamta Bajpayi, President, Inner Wheel Club, Ekamra, Bhubaneswar (Guest of Honour)**
- **Mrs. Rita Adhikari, Ex-President, New Horizon Women's Group (Guest of Honour)**

Conceptualized and envisioned by two visionaries; Mr. Manoj Kumar Swain (Founder Director, SOCH) and Professor V. S. Landge from National Institute of Technology (NIT), Nagpur it took one and half year to materialize. In between, the whole process of identifying ladies (from difficult financial background), providing them driving training skill, life skill training, license processing for the ladies, placement on the ladies into “Pankh Travels”, purchasing commercial vehicle (Car) and linking with OLA was carried out. The driving training for the ladies was conducted with a Car donated by Prof. V. S. Landge.

They all wished the ladies all good luck and thanked the lady drivers for breaking the jinx and becoming role model for many other girls and ladies

For safety of the Lady Drivers the vehicle has been installed with CCTV and will be on constant observation by the OLA team with regards to the vehicle movement. The two ladies will work in two shift of eight hours each a day. The revenue generated will be further invested into enhancing service quality and the success of the project will decide the expansion of the fleet of Lady Drivers.

SOCIETY FOR CHILDREN (SOCH) CELEBRATES 6TH ANNUAL DAY

Annual Day, SOCH, Bhubaneswar (30th November, 2018)

After a yearlong of dedication and hard work SOCH celebrated its 5th Annual Day Function “6th Annual Fiesta 2018” on 30th November 2018 at IDCOL Auditorium, Bhubaneswar. The occasion was graced by some eminent people from different walks of life.

The programme commenced with greeting through the famous soulful prayer “Vaishanva Janato” performed by Ms. Manisha Pradhan who is also anchoring the event. It followed up with a beautiful Odissi Dance performed by 11 years old Ms. Manaswee Mishra.

The Honourable Guests were then invited on to the dais and greeted with Saplings by SOCH Founder Mr. Manoj Kumar Swain as a mark of contributing to the environment followed by the lighting of the lamp by Honourable Guests.

Mr. Manoj Kumar Swain then welcomed the present delegates with a Welcome note. A PPT presentation on the year 2017-18 work and activities of SOCH was presented by Mr. Satyanarayan Mohapatra, Manager

of SOCH. To substantiate the hard work, few Parents of the rescued and resettled children shared their experience and thanked SOCH.

Post experience sharing the Honourable Guests of the event shared their knowledge and feedback about SOCH which was followed by Rewards and Recognition for the supporters, achievers and volunteers of SOCH. Keeping up with the tradition, SOCH gifted its entire Staff with "Celebration Gifts".

Post rewards and recognition followed the Cultural events like a Group Dance (by Nisha Dance Institute), Role Play (by Team SOCH), and Duet Song (by Ms. Ritanjali Swain and Nepal Ghadei).

The event came to a culmination by Thanks Giving from the SOCH Founder Mr. Manoj Kumar Swain to all the delegates and present guests to make this event successful.

PROJECT PUNARJIVAN

Introduction

Project “Punarjivan” as the name suggests is rebirth of children who have knowingly or unknowingly have fallen prey to adversities. It is a Behavior Modification Camp working for the difficult behavior children; categorized under two major categories viz. hard behavior family connected children (who either disobey parent’s instructions or have a habit of running away regularly) and hard behavior street connected children (who have been separated from their family for a longer duration and leading platform or street lives).

Here children separated for a longer duration of time or fallen prey to addiction/beggary/child trafficking/child labor or children having difficult behavior, under the supervision and guidance of professional teachers,

follow a structured and planned daily schedule that brings about a change in their behavior and attitude. These children undergo a change in their behavior and attitude during their stay in the camp through a structured schedule which includes of Spiritual, Counseling, Educational, Games and Entertainment activities under the guidance of professional teachers. The address tracing for separated children is pursued simultaneously. At the end of the camp, most of the children are happily reunited with their families at the Camp Ending Ceremony and others are referred to various child care institutions for long term care and protection. The project was conceptualized and initiated in 2016

Project Objectives

- To transform the lives of the run-way, difficult behavior children with substance use.
- To make the children aware of the negative consequences of a Platform/Street life.
- Equipping the child with necessary life-skills.
- Developing a realistic future orientation
- To aim at a fuller and happier life for the runaway, difficult behavior children by ensuring safe resettlement of the children.
- First priority will be given to family reunion and last option for Institutional care.
- To encourage foster parenting and alternative care for children in need of care and protection.
- To develop child centric community through awareness camp and necessary support.

Camp Process

SOCH understands the harmful effects of children living on the railway platforms or streets. Children, who have a history of repeated running away from home, are addicted to substances and display hard behavior, are selected for the purpose of attending the PUNARJIVAN camp. These children are mostly found wondering around in the platforms, streets and slums. There are also few children staying in CCIs. Such children are included in camp with their parents concern.

Post selection of the children these children are first oriented about the ways and routines they have to follow during their stay in the Camp. Then they follow a prescribed daily schedule. During their stay they are also taking for occasional outing for a change. In case of 4 weeks camp for the street connected hard behavior children the last week is dedicated for Address Tracing along with other activities. And on the camp ending ceremony the parents or guardian are exposed to a workshop on Effective Parenting. For those children who have families they are reunited back with their families and for those who don’t have any family support are forwarded for institutional care.

Camp Schedule

The camp was organized by three to four able and well skilled SOCH staffs who undertook the following schedule for the benefit of the children. One of them functioned as the Camp Teacher while the other are assisted him during various activities. The various activities in camp are as follows:

Time	Activities
Freshen-up	6:00am-7:00am
Physical exercise, Yoga and meditation	7:00am-8:00am
Breakfast	8:00am-9:00am
Bathing and cleaning	9:00am-10:00am
Non-formal education/Special life skill education by research persons/ health checkup and social mapping skill.	10:00am 1:00pm
Lunch	1:00pm-2:00pm
Rest	2:00pm-3.30pm
Games	3.30pm-5:00pm
Evening snacks	5:00pm-5:30pm
Evening prayer	5:30pm-6:00pm
Cultural practice/Drawing class/potential analysis through game/ Computer and vocational training	6:00pm-7:00pm
Moral Story	7:00pm-8:00pm
Dinner	8.00pm-9.00pm
Children's meeting and experience sharing	9:00pm-9:30pm
Jyoti Programme	9:30pm-9:45pm
Staff meeting & individual counseling	9.45pm-10:30pm

Table 3.1

Camp Activities

Camp activities are very professionally and structurally designed. It is based on a very successful model worked out by SATHI (a National Level NGO) working on similar theme as SOCH. Supervised by One Camp teacher and assisted by three to four assistants there is activity packed day schedule running continuously for a month. Counseling being the primary activity, Physical Exercise, Yoga, Meditation, Moral Story Classes, Non-formal Education, Games, Children Meeting, Jyoti Programme, etc. would be among other activities aiming at inducing discipline among these children who had displayed hard behavior. Breakfast, lunch, evening snacks and dinner; apart from providing nutrition, the camp also aim at inculcating the values of community living among them. Apart from a healthy food for a better physical health, the children in camp would share a great bond and friendships during these meals.

Physical Exercise

As they say it “healthy body, healthy mind”. The physical health and mental health of a child go hand in hand. Therefore, the children in the camp compulsorily take part in physical exercise on daily basis under the supervision of the Camp Teacher and assistants.

Yoga and meditation

Yoga and meditation has been acclaimed world wide as a mode to bring focus in life keeping it away from all malicious thoughts. They also help in cure of many mental and physical ailments. It brings an unprecedented calmness in to us and enhances our acceptance. Hence it is a 30mins daily session aimed at the holistic well-being and development of the Camp children.

Non-formal education

This is the basic education classes for the Camp children where they are thought to identify English alphabets, birds and animals. Special efforts are made to manage the classes where children from different backgrounds could be absorbed.

Moral Story class

Moral Story classes are scheduled to induce certain values in the children through story telling sessions. The stories are related to four important domains. Each story domain is for one week time to be told to the children, discussed among them and to counsel them on the aspects that might have led to emotional distress among them. The four domains are:

Good environment and bad environment

Having been exposed to the worst adversities of life due to the unsafe and unprotected environment that they have faced during their stay on platforms and streets, it is necessary to talk to them about the difference between the good and bad environment. These sessions help children develop the insight about the differences in these two environments. Along with in sight building, these story telling sessions facilitate the individual counseling sessions with the children.

Difference between the lives of school going child, platform child and working child

Stories that would help the children to identify the differences between a school going child in contrast to the child who has run-away and is leading an unsafe life in the railway platforms. The issues of addiction, child labour, child abuse would be main point of discussions in these sessions to allow them to introspect about the consequences of running away from their homes.

Your Favorite God

The third domain aims at developing a positive impression about parents and care givers among the children which is followed by the individual sessions that helps in address tracing of the children.

Your future Goal

The children, who have adopted a street life, were out of the protected net of their parents for months and years. They might have lost track and gone astray. So

it was necessary to develop arealistic and constructive future orientation among them where in they can plan and work towards a better future.

Games

Along with various programs, there would be one hour for their leisure when the children would be allowed to play various indoor as well as outdoor games for entertainment. Along with leisure, the games are a great source of relaxation and incorporating friendliness among the children.

Children Meeting

This would be an activity where the Children would be given free hand to talk about themselves and their grievances in the Camp. Simultaneously helping the children to assert themselves as a distinguished part of the camp where they can talk about their needs. More than everything this acts as a review and feedback mechanism.

JYOTI Programme

The JYOTI program is incorporated as a value imparting program where a candle is placed in front of the children and they vow to give up one of the many inherent vices every day. Discussions regarding a better future without lies, obedience, regarding and respecting elders and parents will be adopted. At the end of the program, the children pledge to implement the discussed positive value in their life.

Medical Attention

Special attention is given to children's health. Medication as per their requirement is imparted to all the children. Moreover, a special time for medication is allotted so as to build consciousness among the children regarding their own health.

Child Counseling

A daily dose of counseling helps the camp children to relax as they are already in stress for the Camp in its initial phase act as a bondage to them. They all had a habit and free will of roaming around. Confining them within a boundary would definitely show some resistance. Counseling sessions eases off such stress. Further it brings about clarity about the past events of the child's life that again can help in address tracing.

Counseling helps in designing child specific approach for their modification. Hence frequent child counseling by professional counselors are scheduled.

Family Address Tracing

Address tracing of the children starts as soon as the child starts revealing landmarks related to his parents or home. A dedicated Team would be engaged in the process of tracing the family members of the children. Along with the frequent Counseling sessions the moral story sessions on the Favourite God has a very critical role to play on the children and efforts will be made to contact their parents and reunite them. Help of other local NGOs and local Police would be taken as and when needed.

Effective Parenting Workshop

As it is expected from the Camp children to realize their mistakes and work toward rectification, similarly parents need to work effectively on their understanding and liberalization of the aspirations of their children. They need to sensibly deal with the critical issues. Hence to help them have a better understanding of effective parenting a Workshop is conducted for the parents traced and identified before handing over their children to them.

Camp Ending / Family Reunion Ceremony

Post the “Effective Parenting Workshop” a Camp Ending Ceremony is organized to celebrate Home going for family connected children or the reunion of the separated children with their traced families, in presence of the Govt. Authorities, DCPU, supporters and other guests.

Other Institution Intervention

Children, whose addresses couldn't be traced or were found to be orphans are referred to various institutions for a safer life. But for children whose narratives show some directions regarding their address the address tracing continues.

Follow-up Support

The modification doesn't end with family reunion or referral to other institutes only, rather it extends to follow-up. A telephonic follow up is done after one-month and then a subsequent follow-up after three

months of reuniting the child with the family is done. In some cases, a physical follow-up visit is done to establish the reliability of the telephonic follow-up information.

Special life skill education by Expert Trainer

SOCH invited 8 Resource Persons on various days. Among them were Psychologist, who counseled the children and showed them a new approach towards life; a Yoga teachers have also joined and conducted Yoga class for the children. There were 5 life skill trainers, who had taken special class and taught the students various skills through games and other activities. We were fortunate to have JOY from London who taught Basic English to the children.

Computer class

In the modern era life without computer and internet technology is out of imagination. So the Camp team was involved in imparting basic lessons on use of computers to these children.

De-addiction Class

A special class on de-addiction was taken by Md. Imran Ali (a renowned social worker in the field) for the de-addiction of the children. He garnered the session with some videos and documentary films on the bad impact of drugs abuse.

Drawing classes and competition

To enhance the artistic potentiality within the children the Camp team conducted drawing and painting sessions. And to motivate them further a competition was also organized that was rewarded with some prizes.

Education through cultural activities

To find out the potentiality within the children there were cultural programmes in the evening. The children were made to dance, sing and do mono acting. There was “Antakshyari” competition among them. The cultural programmes were most happiest and entertaining moment. Mrs. Jayanti Rout an expert and artist supervised it to teach dance and acting to the children.

Campus cleaning and environmental awareness

Good environment is not only need for good physical health but also for complete growth and development it's a basic need. Human beings themselves can create a good healthy environment. Within the camp period, Camp team organized campus cleaning programme inside AVA campus premises. The main objective behind this was to create environmental awareness within the children and to aware them about the need of good healthy environment. Another objective was to create a good hygienic environment for the camp.

Picnic and children outing

The children were given chance to visit Barunei hill the historical place of Khurda, and Jatani. At Jatani there was of DAL and PET page memorial rehabilitation centre foundation stone laying ceremony. There the children participated in drawing, music chair, lemon race, cricket and dance competition. Lunch provision was also made to ensure the outing as complete package of fun and feast.

Accomplished Camp Details

Conceptualized in 2016 Project Punarjivan has organized two Behavior Modification Camps. First one in February 2016 with 20 Hard Behavior Street connected children. The second camp was organized in March 2018 with 17 Hard Behavior Family connected children.

Table 3.2

CASE-12

STORY OF GOVINDA GEDAM

Govinda Gedam, a 13 year old boy. His father Mohan Gedam is a welder and his mother Jyoti Gedam is a house wife. He has 1 younger brother of age 11years. Govinda has studied till class 6th in Saraswati Sishu Mandir.

Govinda often used to quarrel with his younger brother, did not listen to his parent's advice, and hence was rebuked by his parents. Hence he ran away from his home in rage. He had fled from his home for 7 times. He was caught in Raipur station in his 8th attempt of running away from Raipur to Vilashpur and stayed

there for 7 days in a child line. In his 9th attempt, he ran away from Raipur to Raigarh and stayed there for 1 month in a child line (BAL sishu Adhikari)

In his 10th attempt .he ran away from home and stepped into the train which had halted for some reason, and he slept there. When he woke up the train was running, then he reached at Narkela station and wanted to return to his home but he had caught wrong train and came to Bhubaneswar railway station. It was here that he was caught by SOCH staff and referred to child line and stayed there for 2 months and then came Bhairavi club in 1st February.

When he stayed in station he used to sweep the trains and earned 100 rupees in a day, from which he spent 50 rupees and saves 50 rupees for future use. It was his daily routine.

Govinda was enjoying in the camp. He likes to play, dance, sing, painting with other children. He likes Nigam sir because he narrates new stories to him. He told me that he learned in the camp that he will listen to his parents, will never disobey them & shall never run away from home under the influence of others.

Govinda need more attention, love, and care from his parents. He is very moody, which isn't good at all. Proper guidance and care is the only way to control him.

CASE-13

STORY OF KUNJA

This is a heart touching story of Kunja, a 17 year old lad. He has been away from his family & home for last 8 months. He belongs to Kabarika caste. His father does imposity work while his mother is a wood seller. He has one brother. Kunja is an illiterate young lad who was imprisoned Brhampur for his criminal activities. He was incarcerated for 6 months.

Misconception, misunderstanding and misinterpretation had engraved him in a life full of turmoil. One day when Kunja was enthralled to visit Pariona village, a nearby village, to watch a village drama, he and one of his friends were chased by a unknown man, who preached that he could show something interesting to them. Kunja was curious enough to follow the man. The man turned out to be a burglar; who broke the locked door of a house, ventured into it, and stole some precious ornaments. Kunja was dumbfounded, and he was offered 250 rupees by the burglar for helping him who also threatened him to keep his mouth shut or to face dire consequences.

Though he had accepted the offer, but Kunja's anxieties didn't boil down. It was the following day when Kunja was asked by his friend to visit Pariona village again, this time for buying a bike. The tentacles of fear had

not subsided in Kunja, but he couldn't deny his friend. To Kunja's misfortune, he was arrested by the police immediately after his arrival to that village. He was then imprisoned for 6 months before being released on bail. Kunja's wrecked heart had found no option to reunite with his family, as they resented against his acts. This is when he decided not to return to his home.

But this time to his good fortune Kunja was rehabilitated in Project Punarjivan Modification camp. He was nurtured and nourished with proper attention in the camp. Interrogated by the staff, he retorts that though happy in the company of good friends, his heart chokes to see his mother, to get their support and love, but being an accused his pleas and dilemma remains unheard and unseen by his family.

Kunja's past was unfortunate and unintentional, but after the Punarjiban Camp, he was reunited with his parents on 8th March, 2016 on the family reunion day. So we requested his parents to accept him with open arms and forgive his mistakes as he was just a silent spectator of the crime, without his involvement in it. He is a completely changed lad regretting his mistake and vowed not to repeat them in future

6

PROJECT PANKH

Today, a considerable amount of children in our country fall victim of homelessness and stateless due to the baffling and knotty family situation which eventually impels the child to leave home. It is disgraceful to find that almost 20 million children in India have fell victims of social orphanage wherein the families have abandoned them and amongst which only 0.3% fall under real orphans. The young age from the child takes direct responsibility of their sustainability is heart wrenching. And these children grow up as youths of this nation to find themselves in deflating situation.

Our government today at various levels, as well as civil society organizations has been working on various endangered kids and their developmental outcomes,

they have been dynamic in their own ways but it has been rare for these entities to synergize concrete sustainable impacts. Most institutions or children's home present in India today bid farewell to a child once he/she attains the age of 18 without gauging on how the child would sustain itself with minimal or no educational standards or professional expertise. Hence for further initiative, project "Pankh" was introduced for the complete social, psychological, spiritual and economic development of these lost souls and most importantly imbibing a sense of responsibility by creating a value system that would not only help them develop as responsible citizens but also as a righteous human being in the future.

Project “Pankh” was conceptualized and initiated in 2015. It works for mainstreaming the youths from Child Care Institutions (CCIs) and communities having a difficult family background. The five components that drive the project are Counselling,

Mentoring, Life Skill Training, Vocational Training and Placement assistance starting from the age of 14 years. The project has been running on a trial and experimental basis as

Major Component

Fig.3.0

Counseling

Counseling plays a major role in identification and transformation of issues and complications of any individual's life. More than this it become a mode of sharing and expressing limitation and probable solutions. It helps in getting an insight into the background of the occurrence and also in creating a conducive atmosphere for the subject. It also helps youths to identify their real interest areas and strengths and weaknesses.

Mentoring

It is a personal developmental relationship in which a more experienced or more knowledgeable person helps to guide a less experienced or less knowledgeable person. Children in various CCIs grow up with less individual attentions. Most of the children don't have friends outside the CCI. Most of them have no idea about the world outside the four walls of the institutions. So it is important to link up the youths with interested mentors living in the mainstream society for mutual benefit.

Life Skill Training

Life skills have been defined as “the abilities for adaptive and positive behaviour that enable individuals to deal effectively with the demands and challenges of everyday life” (WHO). ‘Adaptive’ means that a person is flexible in approach and is able to adjust in different

circumstances. Youths in various CCIs are living with less interaction with mainstream society. Due to this they lag behind in certain skills, which the children growing up in mainstream society have gained through their socialization. So, it is very important to provide life skill training to the youths growing up in institutional care for building their skill and confidence to adjust in mainstream after 18 years of age.

Vocational Training & Job Placement

This component aims at helping youths gain skills and get placements to stand on their own feet. In collaboration with various vocational training institutions Pankh helps in building extensive network for those youth who need to come to mainstream society and find a suitable livelihood for them. The youths are linked to trainings only after a thorough counseling and determining their core interest areas.

Follow-up

Any task or project is incomplete without a systematic follow-up plan in place. Follow-up ensures a correct and accurate accomplishment of a task. For a home placed child it means he/she does not runaway again and for a Youth undergoing training and placement it means he/she is performing and satisfied with the profile.

PANKH Statistics

(Till March 2019)

Case-14**A STORY OF DEBAKI BEHERA:**

Debaki, who lives in Laxmi Narayan Basti of Rupali Square in BBSR, is a girl who's fighting back her hurdles to her best. She lost her father since childhood but that could not break her down because she had her

mom standing back to her always. They were mom & daughter from the starting, living their life well & good till her mother fell ill & she had to take the responsibility of herself & her mother. She dropped her school after 10th & started taking care of household chores from past few years.

That's when SOCH team met her during our counseling section at the slum & noticed about her interest in doing a job to be able to stand on her own. She got to know about our Pankh project and the different vocational trainings. She enrolled herself in the parlor training course.

It was started in November 2018 for 3 months & their course ended in Jan. she's now practicing in the parlor from where she completed her training as they have to take a test about their efficiency & then she can get the certificate & work as a prompted beautician.

As her mother is not fine nowadays, so, she has to take care of her and the poor financial crisis forcing her to stop from doing as per her wish. Still she never opted to stop dreaming rather she says she will do some part time in that field till her mother gets well & if she can get some support financially then she will surely open a parlor of her own.

Case-15**A STORY OF HIRA SOREN:**

She is a confident and audacious girl who never says never. She is the positive vibe of her slum who is always active & full of charm. She is Hira who has 2 sisters and a brother. Her father was a government employee & all was going smooth. Her perfect kind of happy family got into pieces when her father deceased & left them alone to struggle. But they did not lose their courage & stand again to fight all odds.

Hira always wanted to study more, she did not drop her classes rather persuing post graduation in distance mode. Her elder sister also preparing for government competitive exams. But deep inside Hira was realizing the pension of her father is not enough in which her younger brother & sister can achieve their goals. So,

she wanted to lend an earning hand to her mother as soon as possible. Then she came to know about SOCH and Pankh project during one of our visit to their slum. She took interest to join beautician training course.

She joined the 3 months course in November & now she's practicing there to have a good experience of parlor work. After the test, she'll get her certificate and she said she's going to open a beauty parlor of her own after a year.

Society for children (SOCH) is a non-profit organisation & familiar to it's good work. "SOCH" working for children's protection & rights. Due to small reason, children leave their home & arrive at station. Team "SOCH" is conscious about them. It works at railway station for those missing, runaway & abandoned children. As a volunteer of "SOCH", I am feeling proud. I got a very good experience from my field work with "SOCH" staff. And also learn a lot from home study. Really, it is a fabulous work by "SOCH".

Aparajita Parida
M.S.W. (2nd sem)
DDCE, BBSR

SOCH organization is working for children those are missing, runaway, helpless at Bhubaneswar, Puri, Bapatnagar, Khordha etc. I am very much glad to be short time associated with SOCH organization for my agency placement. SOCH always give his best effort for rescuing children to save their life and resettle with their parents. Also SOCH working for youth to make ability to strengthening and including them in mainstream in our society.

So, I'm proud to be a part of SOCH organization and am also learn much more thing from SOCH.

Regards,
Bijay Dash,
NIIS Group of Institution,
BBSR.
(Thank you)

SOCH (Society for Children) is working for welfare of a child. It's aim is to rescue of runaway and missing children in railway station. This organization give their full effort to save a little life. It always focus on how children are live in happily and safely. It is a good thought process of SOCH organization because children are future of our nation. So it is a very good thought process of SOCH organization.

I am very happy to working as a volunteer of SOCH organization.

Jayashree Jayasmita Rath
NIIS Group of Institution

In my 3 days Journey with Society for child (SOCH), I learnt the importance of little things we take for granted & from these children, I also learnt how to rescue children and protect them. Most importantly, I understood that how runaway, missing and abandoned children are facing problems in Society. I'm proud to be a volunteer of SOCH.

SOCH a wellness, wellbeing and welfare that develop the life style. It is a path of healthy life. It is an awareness, that aware people about the wrong activity of the society. So it is a better protect that's why society become safe, healthy, and happy. It is going a proper way it definitely destroy the chain of child misuse success young.

Soudehanti Pradham
Utkal University.

SOCH (Society for children) is a non profit organisation established 2012. SOCH works with children various railway station of Odisha. It's works child resettlement.

I am Sanku Jali mallick I completed my block placement in SOCH organisation I feel very grateful for worked this organisation. I learned many things.

Name: Sanku Jali mallick
cage. NIIS Institution of Science and management

Soch is a Good organization for helping child those who are suffering lots of problems at railway station & soch help them in poverty basic things enjoyed in my job during survey period at Khondha Rly station it give me an opportunity from soch I will try to my best work procedure in future I thankful to soch for giving me of this opportunity

Date: 3/04/19

It was my first visit to Khondha railway station in my first day I got much respect and good behaviour from these stakeholders and railway staff. So it's good experience of my survey period.

Rudranshab Sahu

Society for Children (SOCH) is working for runaway, missing, abducted and abandoned children. This organization always try to help children. That's why I like this organization so much.

Pratiksha Prasadashini Padhi

Society for children (soch) is a non-profit organization. It is works for the welfare of the children and youths. In this organization is a ways of learning - "soch" is a best platform to develop our personality.

padmaji kumar beboy

SOCH organization is working for welfare children life. Every child has a good right & every child to have a right to have a happy life. SOCH organization save the children life before go to factory.

It's aim is to rescue of runaway & missing children in railway stations.

This is a very good thought process. It's my pleasure to working in this organization and I gain some experience and knowledge.

Regards
Subhamita
NII's Group of Institutions

My experience at SOCH has been thrilling. I have been exposed to so many bitter realities of life that children are facing and sometimes are forced to face. SOCH as a platform has helped me develop my skills thoroughly. Lovely people and overall a lovely experience. Thank You SOCH for giving me the opportunity to work and integrate with you.

- Thanking You.
Purbasha Banerjee,
Student Social Worker,
B. Voc, TISS.

SOCH is a good organisation it works various railway station of Odisha for those missing and runaway child, who leave their home due to some silly reason. The main motto of the organisation is child care and protection. I feeling proud as a part of this organisation. I got a chance through SOCH to certify my knowledge and efficiency.

Volunteering for SOCH is an eye opening experience for me. The field exposure at SOCH gave me an opportunity to work closely with under-privileged children of the society. This helped me understand how young children are exploited and what problems they face in their day to day life.

AUDITORS REPORT

1. We have audited the attached Balance Sheet as at 31.03.2019 and the Income & Expenditure account and Receipt and Payment account of SOCIETY FOR CHILDREN (SOCH), Plot No. 657, Fl, Sangam Niwas, Lal Bahadur Shastri Colony, Cuttack Road, Bhubaneswar, Odisha-751006 for the year ending 31st March, 2019 together with the Schedule annexed there to, which are in agreement with the books of account maintained by the said institution. These financial statements are the responsibility of the management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our Audit in accordance with the auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement(s). An audit includes examining on a test basis evidences supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by the management, as well as evaluating the overall financial statements, presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We report that:
 - i. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. In our opinion, proper books of account have been kept by the above named institution visited by us so far as it appears from our examination of the books
 - iii. No personal expenses of management have been charged in the account
 - iv. All receipts and payments and all assets and properties and all known liabilities have been fully and properly accounted for in the books of accounts.
 - v. The location of assets is specified in the assets register
 - vi. The fixed assets register is maintained at the organization and all movable assets including equipments are recorded therein.
 - vii. In our opinion and to the best of our information and according to the information & explanations given to us the said Balance sheet, Income and Expenditure and Receipts & Payments accounts give a true and fair view of the state of affairs of the organization as on 31.03.2019 and of the Income and Expenses and of the receipt and payments for the year 2018-19 and of the closing Balance of the organization as 31.03.2019.
